

Global Metropolitan Studies Designated Emphasis Electives 2017-2018

Students in the Designated Emphasis in Global Metropolitan Studies are required to take three elective courses on topics in metropolitan studies. Students must either select from the GMS DE Electives List or petition for an outside course. DE Electives must be taken for graduate credit unless otherwise noted on the Electives List. No more than one elective course for the DE can be taken from the student's home department. Note that not every course will be offered in any given year. Further, course titles may change slightly but the course number and instructor should match those listed.

Petitioning for Electives

GMS encourages students to petition for courses outside this list to be counted as a GMS elective. To petition, email Co-Directors your request with course title, number, instructor name, and syllabus.
